

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2001-04
PHYSICAL EDUCATION REPORTS

APRIL 30, 2001

Revised October 15, 2010

In accordance with Government Code Section (GC §) 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state mandated cost programs. The following are claiming instructions and forms that eligible claimants will use for the filing of claims for Physical Education Reports (PER). These claiming instructions are issued subsequent to the adoption of the program's parameters and guidelines (P's & G's) by the Commission on State Mandates (Commission).

School districts are required to provide a minimum number of physical education instruction minutes to pupils in grades 1 through 8. Specifically, school districts selected by the Superintendent of Public Instruction (SPI) must now include in their periodic Coordinated Compliance Review (CCR) reporting to the California Department of Education (CDE), reports on their compliance with Education Code Section 51222, subdivision (a) and Section 51223, which specify how many minutes of scheduled physical education are required for each 10 school days. These requirements are not applicable to high schools.

On September 28, 2000, the Commission determined that the test claim legislation imposes a new program or higher level of service within an existing program upon school districts, excluding high schools, within the meaning of Article XIII B, Section 6, of the California Constitution and establishes costs mandated by the State according to the provisions listed in the P's & G's which are included as an integral part of the claiming instructions.

Eligible Claimants

With the exception of community colleges and high schools, any county office of education or school district (Grades 1 through 8), as defined in GC § 17519, that incurs increased costs as a direct result of this mandate is eligible to claim reimbursement of these costs.

Filing Deadlines

A. Reimbursement Claims

A reimbursement claim is defined in GC Section 17522 as any claim filed with SCO by a school district for reimbursement of costs incurred for which an appropriation is made for the purpose of paying the claim.

An actual claim may be filed by February 15 following the fiscal year in which costs were incurred. Claims for fiscal year 2009-10 will be accepted without penalty if postmarked or delivered on or before **February 15, 2011. Claims filed more than one year after the deadline will not be accepted.**

B. Late Penalty

1. Initial Claims

Late initial claims are assessed a late penalty of 10% of the total amount of the initial claims without limitation.

2. Annual Reimbursement Claims

Annual reimbursement claims must be filed by February 15 of the following fiscal year in which costs were incurred or the claims will be reduced by a late penalty.

Late annual reimbursement claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty.

Minimum Claim Cost

GC Section 17564(a) provides that no claim may be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**), provided that a county superintendent of schools may submit a combined claim on behalf of school districts within their county if the combined claim exceeds **\$1,000**, even if the individual school district's claim does not each exceed **\$1,000**. The county superintendent of schools will determine if the submission of the combined claim is economically feasible and be responsible for disbursing the funds to each school district. These combined claims may be filed only when the county superintendent of schools is the fiscal agent for the districts. A combined claim must show the individual claim costs for each eligible school district. All subsequent claims based upon the same mandate must only be filed in the combined form unless a school district provides a written notice of its intent to file a separate claim to the county superintendent of schools and to the SCO at least one hundred and eighty days prior to the deadline for filing the claim.

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure Section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are reviewed to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the Commission. If any adjustments are made to a claim, a Notice of Claim Adjustment specifying the activity adjusted, the amount adjusted, and the reason for the adjustment, will be mailed within 30 days after payment of the claim.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC Section 17558.5, Subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the Controller during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

Retention of Claim Documentation

All documentation to support actual costs claimed must be retained for a period of three years after the end of the calendar year in which the reimbursement claim was filed or last amended regardless of the year of costs incurred. If no funds were appropriated for initial claims at the time the claim was filed, supporting documents must be retained for three years from the date of initial payment of the claim. Therefore, all documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Address for Filing Claims

Submit a signed original and a copy of form FAM-27, Claim for Payment, and all other forms and supporting documents. **To expedite the payment process, please sign the form in blue ink, and attach a copy of the form FAM-27 to the top of the claim package.**

Amendment to Parameters and Guidelines

Education Code Section 51223.1

Statutes 1997, Chapter 640

Physical Education Reports

05-PGA-60 (98-TC-08)

This amendment is effective beginning with claims filed for the
July 1, 2005 through June 30, 2006 period of reimbursement

I. SUMMARY OF THE MANDATE

School districts are required to provide a minimum number of physical education instruction minutes to pupils in grades 1 through 8. The subject test claim statute, Education Code section 51223.1, adds a new reporting and compliance requirement to determine whether districts are actually providing their students with the statutory minimum minutes of physical education. Specifically, school districts selected by the Superintendent of Public Instruction (SPI) must now include in their periodic Coordinated Compliance Review (CCR) reporting to the California Department of Education (CDE), reports on their compliance with Education Code section 51222, subdivision (a) and section 51223, which specify how many minutes of scheduled physical education are required for each 10 school days. The requirements of Education Code section 51223.1 do not apply to high schools.¹

On September 28, 2000, the Commission adopted its Statement of Decision finding that the test claim legislation imposes a new program or higher level of service within an existing program upon school districts, excluding high schools, within the meaning of section 6, article XIII B, of the California Constitution and costs mandated by the state pursuant to Government Code section 17514.

II. ELIGIBLE CLAIMANTS

Any "school district", as defined in Government Code section 17519, with students in grades 1 through 8 that incurs increased costs as a result of this mandate is eligible to claim reimbursement.

III. PERIOD OF REIMBURSEMENT

This amendment is effective beginning with claims filed for the July 1, 2005 through June 30, 2006 period of reimbursement.

Government Code section 17557, prior to its amendment by Statutes 1998, chapter 681, stated that a test claim must be submitted on or before December 31 following a given fiscal year to establish eligibility for reimbursement for that fiscal year. The claimants filed the test claim for this mandate on October 28, 1998. Costs incurred on or after July 1, 1997 would be eligible for reimbursement. However, the test claim statute became effective on January 1, 1998. Therefore, all costs incurred on or after January 1, 1998 are eligible for

¹ Education Code section 51223.1, subdivision (e)

reimbursement pursuant to these parameters and guidelines, provided that reimbursement begins no earlier than the date that the school district receives documentation from the CDE indicating that the district has been specifically selected to participate in physical education compliance reporting.

Actual costs for one fiscal year shall be included in each claim. Estimated costs for the subsequent year may be included on the same claim, if applicable. Pursuant to Government Code section 17561, subdivision (d) (1), all claims for reimbursement of initial years' costs shall be submitted within 120 days from the date on which the State Controller's Office issues claiming instructions.

If the total costs for a given year do not exceed \$200, no reimbursement shall be allowed, except as otherwise allowed by Government Code section 17564.

IV. REIMBURSEABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating, "I certify under penalty of perjury under the laws of the State of California that the foregoing is true and correct based upon personal knowledge." Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

The direct and indirect costs of labor, materials and supplies, contracted services, fixed assets, travel, and training incurred for the following mandate components are reimbursable:

COMPONENT 1 – SUPERINTENDENT OF PUBLIC INSTRUCTION REPORTS

- a. Preparing and submitting reports to the Superintendent of Public Instruction on the extent of the school district's compliance with the minimum minutes of physical education instruction required by law.

COMPONENT 2 – STAFF TRAINING

- a. Developing and implementing training for school district staff on the requirements of Education Code section 51223.1.

COMPONENT 3 – RECORD KEEPING

- a. Developing and implementing record keeping procedures necessary to comply with the implementation of Education Code section 51223.1 (to the extent that these are not already standard school district record keeping procedures).
- b. Developing and implementing audit procedures necessary to comply with the implementation of Education Code section 51223.1 (to the extent that these are not already standard school district record keeping procedures).

COMPONENT 4 – CORRECTIVE PLANS

- a. Developing and issuing a plan of correction to the CDE within one year of receiving a noncompliance notification from the department.

V. CLAIM PREPARATION

Each claim for reimbursement must be timely filed and identify each cost for which reimbursement is claimed under this mandate. Claimed costs must be identified to each reimbursable activity identified in Section IV of this document.

A. DIRECT COSTS

Direct costs are defined as costs that can be traced to specific goods, services, units, programs, activities, or functions and shall be supported by the following cost element information:

1. Salaries and Benefits

Identify the employee(s) and/or show the classification of the employee(s) involved. Describe the reimbursable activities performed and specify the actual time devoted to each reimbursable activity by each employee, productive hourly rate and the related fringe benefits.

Reimbursement for personnel services includes compensation for salaries, wages, and employee fringe benefits. Employee fringe benefits include regular compensation paid to an employee during periods of authorized absences (e.g. annual leave, sick leave) and the employer's contributions to social security, pension plans, insurance, and worker's compensation insurance. Fringe benefits are eligible for reimbursement when distributed equitably to all job activities performed by the employee.

2. Materials and Supplies

Only the expenditures that can be identified as direct costs of this mandate can be claimed. List the cost of the materials and supplies consumed specifically for the purposes of this mandate. Purchases shall be claimed at the actual price after deducting cash discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged based upon a recognized method of costing, consistently applied.

3. Contracted Services

Provide the name(s) of the contractor(s) who performed the service(s), including any fixed contracts for services. Describe the reimbursable activities performed by each named contractor and give the number of actual hours spent on the activities, if applicable. Show the inclusive dates when services were performed and itemize all costs for those services. Attach a copy of the contract to the claim.

4. Fixed Assets

List the purchase price paid for equipment and other fixed assets acquired for this mandate. Purchase price includes taxes, delivery costs, and installation costs. If the equipment or other capital asset is used for purposes other than this mandate, only the pro rata purchase price can be claimed.

5. Travel

Travel expenses for mileage, per diem, lodging, and other employee entitlements are eligible for reimbursement in accordance with the rules of the local jurisdiction. Provide the name(s) of the traveler(s), purpose of the travel, inclusive dates and times of travel, destination point(s), and travel costs.

6. Training

The cost of training an employee to perform the mandated activities, as specified in Section IV of these parameters and guidelines, is eligible for reimbursement. Identify the employee(s) by name and job classification. Provide the title and subject of the training session, the dates attended, and the location. Reimbursable costs may include salaries and benefits, registration fees, transportation, lodging, and per diem. If the training encompasses subjects broader than this mandate, only the pro rata portion of the training costs can be claimed.

B. Indirect Costs

Indirect costs are defined as costs which are incurred for a common or joint purpose, benefiting more than one program and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include both (1) overhead costs of the unit performing the mandate, and (2) the costs of central government services distributed to other departments based on a systematic and rational basis through a cost allocation plan.

1. School districts must use the J-380 (or subsequent replacement) non-restrictive indirect cost rate provisionally approved by the CDE.
2. County offices of education must use the J-580 (or subsequent replacement) non-restrictive indirect cost rate provisionally approved by the CDE.

VI. RECORD RETENTION

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter² is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If the Controller has initiated an audit during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

² This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

VII. OFFSETTING SAVINGS AND OTHER REIMBURSEMENTS

Any offsetting savings the claimant experiences as a direct result of the subject mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate received from any other source, including but not limited to federal funds and other state funds shall be identified and deducted from this claim.

VIII. REQUIRED CERTIFICATION

An authorized representative of the claimant shall be required to provide a certification of claim, as specified in the State Controller's claiming instructions, for those cost mandated by the state contained herein.

IX. PARAMETERS AND GUIDELINES AMENDMENTS

Pursuant to Title 2, California Code of Regulations, section 1183.2, parameters and guidelines amendments filed before the deadline for initial claims as specified in the claiming instructions shall apply to all years eligible for reimbursement as defined in the original parameters and guidelines. A parameters and guidelines amendment filed after the initial claiming deadline must be submitted on or before January 15, following a fiscal year in order to establish eligibility for reimbursement for that fiscal year.
